EDUCATION

Certificate, Full Stack Web Development Coding Bootcamp University of Washington 2021

Associates of Arts Degree Kapi'olani Community College 2011

EXPERIENCE

Compliance Program Administrative Coordinator, UW Medicine, Seattle, WA October 2019 - Current

Manage audit tracking software and side research projects to give auditors more time to focus on working with providers and improving their compliance. Process government audits so providers can focus on patient care while keeping as much reimbursement from insurance as documentation allows. Prepare monthly reporting of audit data and status to present to UW Medicine Executive suite.

Clinical Assistant, Norco Medical, Seattle, WA July 2016-October 2019

Excelled at completing special projects with limited oversight from management. Received and processed intake of documentation for insurance billing. Scheduled set up appointments for several technicians in four locations. Performed clinical teaching appointments as needed.

Shift Supervisor, The Coffee Bean and Tea Leaf Honolulu, HI May 2009- October 2011

Collaborated with management to break down large goals to smaller pieces so the team was able to exceed sales records. Fostered team morale by organizing team gatherings. Lead the team on Black Friday shifts to earn the second highest sales company-wide. Trained ten new and promoted team members. Promoted twice to shift supervisor during first year.
